Feeding wildlife is not allowed in Leisure Knoll and is against the law in Suffolk County and New York State.

The Suffolk County Resolution 621-2020 states, in part, that “no person shall purposely or knowingly feed, bait, or in any manner provide access to food to any wild animal in Suffolk County”. Section 5 goes on to state that “The feeding of wild birds, except nuisance birds and waterfowl shall be permitted outdoors, provided that such feeding does not create an unreasonable disturbance that affects the rights of surrounding property owners and renders other persons insecure in the use of their property”.
